Safeguarding Training Calendar

If you work with children, young people, or adults who may be vulnerable, are a Pastoral Visitor or have a role in church designated to require Safeguarding training, then one of these sessions is for you. For people new in role, or those who have not previously done the Creating Safer Space Foundation Module, either the March or the July session is for you.

For those who have previously done the Foundation Module, we intend to roll out opportunities for refresher training over the next couple of years. The calendar below provides many choices of date for this year. Much has happened nationally since the training framework first began to be implemented, and it is important to ensure that our awareness and practice are kept up to date in line with recent recommendations. Book your place with our administrator Mike Fawcett for whichever session is appropriate for you.
