

Creating Safer Space

Spring/Summer 2021

Foundation Safeguarding Training

Due to the Covid restrictions, many of our church activities are on hold at the moment. However there are still important safeguarding issues for us to consider, especially as we continue to care pastorally for those in our churches and in our neighbourhoods. If it is 4 years or more since you attended Creating Safer Space training, here are 3 opportunities (whilst church life is still a little quieter..!) for you to attend this spring. The course is new for 2021. The Methodist Church requires training to be refreshed every 4 years.
